

I would like to take this opportunity to congratulate you on obtaining certification to the requirements of ANSI/NSF Standard 55 Class A. This achievement will provide Canadians who use non-municipal drinking water with a means of ensuring its microbiological safety.

Please note that Health Canada does not endorse the use of any specific commercial product nor should the contents of this letter be used in any advertising for these products.

Sincerely,

A handwritten signature in cursive script, appearing to read "Danny Sokolowski".

Danny Sokolowski, Chemist
a/Head, Materials, Standards and Treatment Section
